Music Director/Organist

Located in picturesque Atkinson New Hampshire (regularly voted one of the best places to live in NH), Atkinson Congregational Church, United Church of Christ is poised to begin its next chapter. 246 years young, with a settled pastor called within the past year, we are a growing congregation for whom the music ministry is an integral part of who we are and how we worship. We seek a Music Director/Organist to lead and grow our music ministry while broadening the range of music that is part of our worship. Key components of this part-time position include:

- Playing hymns, songs, and other worship music at regular, special, and seasonal services on our newer Ahlborn 250 organ and Baldwin piano.
- Directing the adult choir, with a goal to reestablish children and youth participation in the music ministry (singing and playing instruments)
- Coordinating for occasional guest musicians to be part of worship
- Working with the pastor in the selection of music for weekly and special services.

This is a great opportunity to re-shape a music ministry, bringing it into the 21st century while honoring the traditions of the past. Let's talk about how we can do that together!
