

“Find a group of people who challenge and inspire you, spend a lot of time with them, and it will change your life.” – Amy Poehler

Something incredible happens when teamwork works! Things change when everyone on the team is equally invested in the overall purpose and goal, when the team works together, and when the team cares for one another.

I've been leading multi-generational short term mission trips for the past 6 years and have found the experience to be inspirational and life changing for mission participants in a variety of ways. Whether we are serving in other countries or close to home, when a team is brought together to work in service for others, there are results that occur which in other settings could take years to achieve. There is a bond that transcends past a one week mission experience often into a lifelong bond.

This experience establishes deep connections across church members, inspires service beyond oneself at greater levels than ever before, and deepens the connection to God in a personal way.

If you are interested in leading short term mission trips and would like to talk about it, I'd love to hear from you! If you'd like to learn about short term mission trips by joining one of my trips, I invite you to come along and experience all that God has in store for you. I am leading a trip to Guatemala January 20 - 28, 2018 and have room for a few more! If you're more interested in a mission experience in the USA, I'll be leading a trip to one of the hurricane ravaged areas of our country in the summer 2018.

Reverend Patty Marsden, Pastor at Newmarket Community Church and leader of One Heart Mission
