

September 6, 2022

After two and a half years of being closed due to the Covid Pandemic, this morning, Tuesday, September 6th, we have re-opened the Conference Office to all visitors.

We are encouraging those who gather for group meetings at the Conference Office to please mask. Individuals who come on site to meet with a staff member may coordinate with that particular staff member regarding mask wearing.

Should there be a Covid surge in the upcoming months, the Office may be again closed to visitors. As always, the Office may also be closed for inclement weather.

We do encourage all Conference Ministry Teams, Mission Groups, and committees to continue gathering virtually as their primary mode for meeting. Virtual meetings are often better stewardship of participants' time and energy as well as being better stewardship of God's creation. We will continue to fully support Zoom meeting options for all meetings. However, when there is significant benefit from meeting in-person, a room at the Conference Office can be scheduled.

Welcome back everyone!

**Rev. Gordon Rankin
Conference Minister**
